

Ranked as one of the best children's hospitals in the country by *U.S. News and World Report*, Seattle Children's is an organization dedicated to pediatric excellence on every front. Our commitment to our patients' welfare is one of the most important promises we can make to them.

Currently we are seeking a part *time Psychometrist in Rehab Psychology* to work at our hospital main campus location in Seattle, WA. The Psychometrist will administer and score psychological tests and measures under the supervision of a licensed psychologist, in addition to performing tests within our rehabilitation psychology program. Clients include inpatients and outpatients, 4-21 years of age.

At Seattle Children's, our Rehabilitation Psychology program serves children, teens and young adults, from 2 to 21 years, who have learning, emotional or behavioral problems due to an injury or illness. We treat psychological, behavioral and emotional problems that are due to a variety of medical conditions, including:

- Traumatic brain injury
- Arteriovenous malformation (AVM)
- Brain tumors
- Stroke
- Neurological infections
- Rheumatic diseases
- Peripheral neuropathy
- Chronic neuromuscular illnesses
- Anoxic brain injuries

To view opportunities and apply please visit us at www.seattlechildrens.org. We offer excellent pay and benefits, retirement plans, opportunities for career advancement, paid training days, and so much more. **Equal Opportunity Employer.**
